Dispur, Guwahati-781006
Date: 30/03/2016

Office Memorandum

NERLP in accordance with the objectives, design and safeguard policies related with the project have carefully listed some of the activities that are not to be included as a part of the CDP. These include those which are already mentioned in the Community Procurement Manual (COM) and also the recent decision taken in the Review meeting of NERLP chaired by Secretary, DoNER on 10.12.2015

- ❖ Buildings for public administration, political facilities and regional buildings.
- ❖ Activities that will adversely affect the environmental conditions of the village. As for example, embankment/ check dam exceeding 3 metres in height, activities involving any discharge into water body, any industrial waste, sewerage or other polluting substance, clearing, kindling fire, damaging trees, quarrying stones etc. in reserved and protected forests
- ❖ Purchase or releasing of land, rehabilitation or construction on private land or improvement of private property or any activity that results in **individual asset creation**
- ❖ Activities requiring sophisticated technical support, spare parts and other supports not readily available locally.
- ❖ To repay existing liabilities of the project, to meet the operational and maintenance expenditure of existing infrastructure.
- ❖ Activities/interventions such as building of (i) drinking water reservoir (ii) irrigation reservoir (iii) Community halls (iv) Approach Roads should be avoided as State Govt. and line Ministries of GoI have schemes for such interventions. Project team should find out various schemes being implemented to create convergence and synergy so that NERLP addresses only the gaps to bring about holistic development for the project districts.

This is issued with the approval of the Competent Authority.

(Jusmita Borah)
Regional Project Manager (NRM&E)
NERLP, Guwahati

To:

1. **Regional Project Manager** (all) / **Asst. Project Manager** (all)
